The Senate adjourned during pleasure.

After a while, His Excellency the Governor General having come, and being seated on the Throne,—

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House that,—

It is His Excellency the Governor General's pleasure that they attend him immediately in the Senate Chamber.

The House of Commons being come,

His Excellency the Governor General was then pleased to open the third Session of the eighteenth Parliament by a Gracious Speech to both Houses, as follows:—

Honourable Members of the Senate:

Members of the House of Commons:

It affords me much pleasure to greet you upon the resumption of your Parliamentary duties.

The interval which has elapsed since the last Session witnessed the Coronation, in the month of May, of Their Majesties King George the Sixth and Queen

Elizabeth. The event was one of special significance to the nations of the British Commonwealth. In the Coronation service and ceremonial, recognition was given to the relationship between the Sovereign and his peoples in the several Dominions, as embodied in the Statute of Westminster.

Members of the Government participated in the deliberations of the Imperial Conference which followed immediately after the Coronation. The Summary of Proceedings of the Conference will be placed before you at an early date for your consideration. It is the belief of the Government that the opportunities afforded for the exchange of views and information on questions of common interest and concern, will serve to further the well-being of all parts of the Commonwealth.

It is gratifying to note that, during the past year, there has been a further substantial advance in Canada's economic recovery. Revenues have reached new levels. Trade with other countries has materially expanded. There has been a general increase in employment and marked decrease in the numbers receiving unemployment aid.

The recurrence, in a more acute form, of drought conditions in certain areas of Western Canada has unfortunately made it necessary to provide assistance on an unprecedented scale. The Government intends to continue its activities under the Prairie Farm Rehabilitation Act.

In view of the success which has attended efforts to assist in the training of unemployed young people, it is proposed to extend the scheme during the coming year.

The Department of Agriculture has been reorganized and its services consolidated along lines designed to improve the Standard and acceptability of Canadian farm products.

Arrangements are being completed for the inauguration of a national trans-Canada air service.

The National Employment Commission, the Royal Commission appointed to inquire into conditions in the Textile Industry, and the Commission appointed under the provisions of the Veterans' Assistance Commission Act, 1936, have concluded their duties. The reports of these Commissions will be tabled in due course.

The strains and stresses, which economic and social developments since Confederation have placed upon Canada's governmental structure, have disclosed the necessity for adjustments which will enable it the more effectively to serve provincial and national needs, and to promote and preserve Canadian unity. My Ministers are of the opinion that, with exact and adequate information, it should be possible for the appropriate authorities to work out satisfactory solutions. As a first step towards this end, a Royal Commission of Inquiry has been appointed to re-examine the economic and financial basis of Confederation and the distribution of legislative powers in the light of the new conditions which have arisen in the past seventy years. The Commission has already held sittings in many parts of the Dominion.

The co-operation of the Provinces has been sought with a view to an amendment of the British North America Act, which would empower the Parliament of Canada to enact forthwith a national scheme of unemployment insurance. My Ministers hope the proposal may meet with early approval, in order that unemployment insurance legislation may be enacted during the present session of Parliament.

Members of the House of Commons will be invited to consider the report of the Special Committee on Elections and Franchise Acts, and you will be asked to enact such legislation as may be necessary to implement such of the Committee's recommendations as meet with their approval.

A measure will be submitted to extend the authority of the Board of Railway Commissioners.

Legislation will be introduced with a view to furthering the principle of Parliamentary control of the export of electrical power.

The international situation generally continues to give much ground for anxiety. My Ministers have endeavoured, as opportunity has afforded, to promote international understanding and good-will. They have sought to join the efforts of Canada to those of other countries which are seeking by co-operation and conciliation to effect a settlement of questions and issues which concern the world's peace.

The Administration has followed with deep interest the course of the negotiations being conducted with a view to the conclusion of a trade agreement between the United Kingdom and the United States of America. My Ministers are fully alive to the importance of these negotiations, and to Canada's interest in their outcome.

In August last, the Canadian Government approached the Government of the United States with a view to extending and revising the trade agreement concluded between them in 1935. Exploratory conversations followed which have resulted in efforts to effect a new agreement on a broad and comprehensive basis. It is hoped that negotiations may so progress as to render it possible to submit the new agreement to Parliament, for its consideration, during the present Session.

With a number of other countries, adjustments have been made, during the past year, in our commercial relations in order to facilitate a wider exchange of commodities.

The Government is convinced that, in seeking to co-operate with the United Kingdom and other countries in efforts to promote international trade, it is pursuing one of the most effective means of ensuring economic security and progress in Canada, and the betterment of conditions in other parts of the world.

Members of the House of Commons:

The Public Accounts of the last fiscal year and the Estimates for the coming year will be submitted for your consideration.

Honourable Members of the Senate:

Members of the House of Commons:

In inviting your careful consideration of the important matters which will engage your attention, I pray that Divine Providence may guide and bless your deliberations.

The Commons withdrew.

His Excellency the Governor General was pleased to retire.

The Senate was resumed.

The Honourable Senator Dandurand presented to the Senate a Bill intitled: "An Act relating to Railways."

The said Bill was read the first time.

The Honourable the Speaker informed the Senate that a copy of the Speech of His Excellency the Governor General had been left in his hands.

The same was read by The Honourable the Speaker.

On motion, it was—

Ordered, That the Speech of His Excellency the Governor General be taken into consideration on Wednesday, next.

The Honourable the Speaker read to the Senate a Message from His Majesty the King acknowledging the Address of the Canadian Parliament on the occasion of His Majesty's Accession to the Throne, as follows:—

BUCKINGHAM PALACE.

Members of the Senate and of the House of Commons of Canada.

I thank you most sincerely for the assurances of loyalty and support contained in the Address which you have presented to me upon the occasion of my Accession to the Throne. It is the dearest wish of The Queen and myself that our Reign may be marked, under Divine Providence, by the blessings of peace and by a steady advancement in the welfare and prosperity of all our Peoples; and in our labours to this end we shall be strengthened and encouraged by the prayers and goodwill of the Canadian Parliament and People.

GEORGE R.I.

12th April, 1937.

The Honourable the Speaker read to the Senate a Message from His Majesty the King acknowledging the Address of the Canadian Parliament on the occasion of Their Majesties' Coronation, as follows:—

BUCKINGHAM PALACE.

Members of the Senate and of the House of Commons of Canada:—

It is with feelings of deep gratitude that I acknowledge the message of loyalty and congratulation conveyed in your Address of the 10th April which was presented to me by my Prime Minister of Canada on the 11th May.

The assurances of loyalty and devotion addressed to us on that occasion will always be an encouragement to The Queen and myself in the performance of our high task.

We were glad to know that the Speakers of your two Houses were present at the solemn ceremony of our Coronation. The participation in that ceremony of representatives from our oversea Dominions fittingly marked the position of the Crown as symbolising the unity and free association of the peoples of the British Commonwealth.

Throughout our reign it will be our constant aim to cherish and maintain, to the best of our powers, the heritage of justice, civil liberty, and ordered freedom which we have received from those who in past generations helped to build up this association of nations; and we rejoice to know that in our endeavours to promote, under Divine guidance, the welfare and happiness of our Peoples, we shall be supported by the prayers and affection of the people of Canada.

GEORGE R.I.

29th June, 1937.

The Honourable the Speaker presented to the Senate the Report of the Joint Librarians, for the year 1937.

The same was then read by the Clerk, as follows:—

LIBRARY OF PARLIAMENT

Report of the Librarians for 1937

To the Honourable the Speaker of the Senate:

The Joint Librarians of Parliament have the honour to submit their Report on the Library for 1937.

The preparation of the Supplementary Catalogue of books donated and purchased during the past year is well advanced and printed copies will be in the hands of Senators and Members shortly.

The superannuation of Mr. M. C. MacCormac, who had been in the Library for more than fifty years, led to some promotions of members of the staff and created a vacancy in the position of Registry and Shelving Clerk. After competitive examinations, the Civil Service Commission appointed Mr. Robert Morris Hamilton to the vacant position. Mr. Hamilton is a B.A. of McGill University and Bachelor of Library Science of McGill. He also held a Carnegie Fellowship at Columbia University in 1936-7.

The Index volume of the completed twenty volumes of the Dictionary of American Biography was received last November; and the Index to the very valuable set of the Private Papers of James Boswell (Isham Collection) has also been received. The last, and sixth, volume of the Encyclopaedia of Canada, edited by W. Stewart Wallace, has now been shelved. Many new works on economics, international affairs, history, and so on, have been added to the Library. The one-volume edition of Audubon's "Birds of America" was recently purchased. It contains 500 Plates. Though reduced in size, the pictures of the birds are coloured, as nearly as possible, like those in Audubon's rare and valuable Elephant Folio edition, of which the Library is fortunate enough to possess a copy.

Amongst interesting donations to the Library during 1937 are the following:—
"Art in Federal Buildings." This finely-illustrated volume was privately printed, though related to the United States Treasury Department's "Art Program," which has been in operation for two years. The Library is indebted to sponsors of the book, and to the Canadian Legation at Washington, through whom it was received.

Another volume of the beautifully illustrated set of the Catalogue of Mr. F. J. Nettlefold's art collection has been donated this year. Also a further volume (No. 12) of the Letters of Sir Walter Scott has been received from an unknown donor.

In spite of numerous readjustments, referred to in former Reports, there is still some congestion in the Library, though the Librarians and staff are doing everything possible to make things convenient to users of the Library.

Respectfully submitted,

MARTIN BURRELL,

FELIX DESROCHERS,

Joint Librarians.

Ordered, That the same do lie on the Table.

With leave of the Senate, and—

On motion, it was—

Ordered, That when the Senate adjourns to-day, it do stand adjourned until Tuesday, next, at eight o'clock in the evening.

The Senate adjourned.

PRAYERS.

The Honourable Senator McRae moved, that it be—

Resolved,—That the public interest demands the discouragement or refusal by parliament of further applications to it, by way of private Bills for divorces to be enacted on behalf of persons to whom other recourse is made available;

The Senate, therefore, should divest itself of all such special obligations incidental to private Bills of divorce as, in the past, it has assumed, and in furtherance of such purpose and make possible its achievement in consonance with the first paragraph of this resolution, the Senate should promote and support legislation so providing.

After debate, and—

The question being put on the said motion, it was—

Passed in the negative.

The same was then read by the Clerk, as follows:—

WEDNESDAY, 8th June, 1938.

The Standing Committee on Banking and Commerce to whom was referred the Message from the House of Commons disagreeing to the amendment made by the Senate to the Bill No. (13), intituled: "An Act to amend the Lord's Day Act," have in obedience to the order of reference of the 12th May, 1938, considered the said Message and now beg leave to report, as follows:—

The Committee recommends that the Senate do insist on its amendment for the following reasons:—

1. The corporation being the person guilty of the offence and the only one to be possibly benefited by the offence is the only person which should be penalized. To penalize officers, directors or employees is unjust and is especially unjust in the case of officers or employees whose position may depend on obedience to company policy.

2. The amendment does provide an increase in the minimum penalty in the case of a third or subsequent offence. There are many very small companies, such for example, as small canneries, in respect of whom a fine necessarily greater than fifty dollars might be unduly severe and result in reluctance to convict.

3. There can be no reason why the imposition of fines if appropriately heavy should have less effect in the case of offenses against the Lord's Day Act than in the case of offenses against any other Act.

All which is respectfully submitted.

F. B. BLACK,
Chairman.

The same was then read by the Clerk, as follows:—

Thursday, 30th June, 1938.

The Special Committee of the Senate appointed to inquire into and report upon the best means of relieving the country from its extremely serious railway condition and financial burden consequent thereto, begs leave to report, as follows:—

1. The Committee has held 43 sessions, has examined 31 of the principal officers of the two railway systems, and has had lodged with it no less than 97 exhibits, many of them voluminous in content and technical in character and detail. The Committee has also heard evidence in extensive detail from representatives of the Dominion Joint Legislative Committee of the Railway Transportation Brotherhoods, with which was associated the Trades and Labour Congress of Canada, also from the Canadian Brotherhood of Railway Employees. The recorded proceedings of the Committee cover 1284 printed pages.

2. The evidence before the Committee was not completed until very shortly before Prorogation and consequently the Committee has been unable, through lack of time, to analyse the vast mass of material before it in such manner as to enable it to present a report either satisfactory to itself or valuable to the public. The proceedings before the Committee and the publicity given thereto must have contributed greatly to the information of all interested and should be of inestimable value in the further consideration of the problem by the government and people of this country.

3. Having regard to the desirability of completing the inquiry, and to the preservation of the value of the examination already made, and the preparation of an adequate report thereon, the Committee recommends that it be re-appointed early in the next session of Parliament. The intention is that a thorough review shall be made of all evidence and other material already at the disposal of the Committee, and a report thereon presented to Parliament.

4. The Committee may deem it advisable, when later convened, to obtain further data bearing upon the general problem and its possible solution.

5. In the meantime, the Committee would request the two railway companies to renew and speed up their efforts to effect by co-operation reductions of operating expenditures by every means at their command, and within the authority of the present law.

6. In conclusion, the Committee desires to express its appreciation of the services of Colonel O. M. Biggar, K.C., the Committee's Counsel, whose assistance in facilitating the work of the Committee was invaluable. The services of joint secretaries and reporters have also been of the highest character.

GEO. P. GRAHAM,

C. P. BEAUBIEN,

Joint Chairmen.

With leave of the Senate,
The said Report was adopted.

The Senate adjourned during pleasure.

The Senate resumed.

It being six o'clock, the Honourable the Speaker left the Chair to resume the same at fifteen minutes past ten o'clock.

10.15 p.m.

After which the Honourable the Deputy Governor General was pleased to close the Third Session of the Eighteenth Parliament of the Dominion of Canada, with the following Speech:—

Honourable Members of the Senate:

Members of the House of Commons:

In bringing the present session to a close, I desire to express my appreciation of the careful attention given the many measures submitted for your consideration.

International relations and domestic conditions continue to be affected by conflict, disorders and tensions in different parts of the world. The disturbed situation abroad, and prolonged and unprecedented drought in Western Canada, have, unfortunately, somewhat retarded recovery. Improvement in economic conditions has, however, been more steadily maintained in Canada than in many other countries. Gratifying factors in the situation are the further diminution in the numbers on relief, and the progressive and substantial reductions in the deficits in the national accounts. The outlook for agriculture in the West is more hopeful than it has been for some years.

An outstanding feature of the session has been the adoption of measures constituting a long-range nation-wide program of conservation and development, designed to stimulate employment and enlarge the national income. They include a comprehensive housing scheme, under which special assistance will be afforded in the construction of houses to be owned by families of limited means, and of housing accommodation in urban centres to be leased at less than economic rentals.

The Dominion has undertaken to pay a substantial proportion of municipal real estate taxes, over a three year period, on new houses erected before the end of 1940, and to make loans, at low interest rates, to municipalities to enable them to undertake projects of a self-liquidating character.

The housing program has been further aided, and increased activity in the construction industry fostered by the exemption from sales tax of materials entering into the construction of houses and other buildings.

Under the Prairie Farm Rehabilitation Act, further progress has been made, in the development and conservation of water supplies, and the formation of community pasture areas where lands are not suitable for cultivation.

Appropriations have been made for the continuation, on a broader scale, of the Youth Training Program, and for its extension to include persons of older age.

Provision has been made for the complete nationalization of the Bank of Canada through the acquisition by the government of the ownership, in its entirety, of the capital stock of the Bank.

The Board of Railway Commissioners for Canada has been superseded by a Board of Transport Commissioners, with authority in respect of transport by air and water, as well as by rail.

The trans-Canada air service is now operating a regular air mail schedule over a considerable area of the Dominion. It is expected that, at an early date, a coast to coast service will be in operation.

The provisions of the Criminal Code relating to the improper driving of motor vehicles have been made more stringent. Other important amendments have been adopted.

The War Veterans' Allowance Act has been amended to provide for veterans who, although not totally incapacitated, are incapable of maintaining themselves, and for those who served in South Africa and were domiciled in Canada at the time of their enlistment.

The registration of shop cards has been authorized, a measure which has been advocated for many years by labour unions in Canada.

The Special Committee of the House of Commons on Elections and Franchise Acts has given careful study to the means employed to effect redistribution in Canada and other countries, and to proposals with respect to political expenditures. A new Dominion Elections Act has been enacted.

Considerable progress has been made in the negotiations which, for several months past, have been carried on with the Government of the United States, with a view to revising and extending the Trade Agreement concluded in 1935. It is hoped the negotiations will result in a comprehensive Agreement, which will facilitate the further development of trade between the two countries.

Members of the House of Commons:

I thank you for the provision you have made for the public service.

Honourable Members of the Senate:

Members of the House of Commons:

In taking leave of you at this time, I pray that the blessing of Divine Providence may rest upon your labours.

The Honourable the Speaker of the Senate then said:—

Honourable Members of the Senate:

Members of the House of Commons:

It is the Honourable the Deputy Governor General's will and pleasure that this Parliament be prorogued until Wednesday, the tenth day of August, next, to be here holden, and this Parliament is accordingly prorogued until Wednesday, the tenth day of August, next.
